

Isotherm Cruise 49 Elegance

Marine Refrigerator is a 1.75 cubic feet boat fridge (49 liters) which is silver color with a brushed aluminum panel for exceptional durability in the marine environment.

The new Elegance design features a two-inch thick door for superior cold retention and operating efficiency. The CR49 Elegance features a four liter freezer compartment, one adjustable shelf with a hatch to allow tall bottles to stand upright and a built-in fan-cooled Danfoss / SeCOP compressor. The CR49 Elegance has an innovative internal mounting system which does not require a mounting flange and interior light as standard. 3-sided silver color mounting frame is optional.

The CR49 Elegance is available in the USA with silver door as standard. Optional panels include white, black, and teak. Easy door swing change from right to left.

The Isotherm Cruise Elegance line refrigerators also have an innovative internal anchoring system which eliminates the need for a mounting flange. Anchoring screws can be secured through the inside wall of the fridge for a clean, modern installation. Optional mounting flange available.

The Cruise 49 Elegance is the smallest fridge of the new CRUISE Elegance line. The 49EL features a new inner lining with one adjustable shelf and two retainers inside the door, as well as a freezer compartment with a volume of 4 liters with magnetic steel evaporator door.
