

## Katadyn PowerSurvivor 80E

### One of the most efficient electric desalinators

**Simplicity** - The 80E is remarkable for its simplicity. As a result you can perform periodic maintenance with a few common tools and easy to follow instructions.

**Compactness** - Relative to its output, the 80E is extraordinarily compact. For those with fewer space constraints, the 80E is offered in an attractive vibration-dampening enclosed variation.

**Efficiency** - With the patented Energy Recovery System, the 80E produces volumes of water at a fraction of the energy used by conventional watermakers.

**Durability** - The 80E uses stainless steel for pump housings. As with all of our models, they are covered by the best warranty in the business: 3 years on all components.

**Special** - The PowerSurvivor-80E is available in two variations: Modular and Enclosed.

 Technology Reverse Osmosis

 Output (+/- 15%) 3 gal/h  
12.9 l/h

 Salt rejection (average) 98.4% (min. 96%)

### Katadyn PowerSurvivor 80E/12V (modular)

 Power requirements 12-volts DC/8 amps 24-volts DC/5 amps

 Weight (12V) 34 lbs/15.4 kg (24V) 49 lbs./22.2 kg

 Dimensions 6 x 16 x 14 "/ 15.2 x 40.64 x 35.6 cm  
9.3 x 20.8 x 17 "/ 23.6 x 52.8 x 43.2 cm

Article number: 8013441
