# **How To Identify Your Lewmar Hatch**

Hatches Produced after October 1997 have information stamped in the acrylic which will identify them - please quote this when ordering spares.

	Hatch Range (Click on a range to see further details.)							
Identifying features	Superhatch	Rollstop	Trimline	Coastline & Transport	<u>Ocean</u>	Concept	<u>Low</u> <u>Profile</u>	Medium Profile
Production Dates	80 - 87	86 - 92	88 - 99	91 - 99	91 - now	94 - 00	98	99
Height above deck (mm)	50	39 - 42	21	21	40 - 43	19	25	32
Lid is held open by a stay			•	Early models of the smaller sizes			Retrofit Option	Retrofit Option
Acrylic not bonded into an alloy frame								
As the lid is lifted, it clicks through a series of positions at which the hatch will hold open								
Catch of blocks in corners of lower frame								
Large inside handles have red or grey locking buttons inside handle								
Hinge has a black metal strap								

extending a short				
way over the acrylic
