## **Isotherm CRUISE 36 Stainless Steel (INOX) - Small CRUISE Marine Fridge**

The Isotherm Cruise 36 Stainless Steel (INOX) is a built-in drawer fridge in unique design. Due to its compact dimensions, the CR36 Stainless Steel can be installed where no other fridge might fit and has the capacity to hold up to a case of canned drinks. The compressor can be remotely mounted to 3.9 feet away. The INOX (Stainless Steel) model comes with a four side flush mounting frame and 316 grade brushed stainless steel door that is not only handsome and nautical but rugged enough to stand up to the rigors of the marine environment.

With a cutout height of 10 inches and remote mount compressor, the Cruise 36 is perfect for the flybridge, center console, aft deck, under a seat or setee, and in a stateroom for easy access to refrigerated snacks and beverages.

Because of the full width internal drawer, the CR36 can hold a case of 12 ounce canned drinks, tall bottles, and more.

### **Your Advantages:**

- Volume: 36 liters (1.3 cubic feet)
- Silent, highly efficient, fan cooled 12/24V Danfoss / Secop remote mount compressor (type BD35F)
- 316 grade brushed stainless steel doors for handsome nautical look and long life
- Mounting frames for an easy and neat installation
- Compact dimensions
- Holds a case of 12 ounce canned drinks
- Fits under seats, on flybridge, in cockpit, or cabins
- Convenient access to food and beverages
