### **Isotherm DRAWER 130 STAINLESS STEEL (INOX)**

The DRAWER 130 Stainless steel (INOX) is a marine drawer refrigerator in stainless steel design providing a gross internal volume of 130 liters or 4.6 cubic feet. The main drawer mechanism is the top quality Isotherm solution, capable to ensure safe and large storage for food and drinks. A bottle rack and a patented modular shelves are provided on the main counter door. Two inner drawers are available to ensure the maximum usability as well as great storage, with the top one as freezer compartment.

All Isotherm marine refrigerator drawer sizes fit common cutouts for conventional door-style refrigerators on boats and provide a convenient and upscale way to store food and beverages. Like all Isotherm products, the Drawer models are backed by the exclusive Isotherm 5-year limited warranty on all compressors and two years on all parts.
