Innovation. American. Style.

*In the Heart of Annapolis.*

**Maritime Tradition Meets Cutting-Edge Technology.**

- Classic Designs to fit a variety of vessels
- Solid and Durable construction to last many years
- Proven pioneer in LED navigation lighting  
(first USCG approved LED navigation light in 2004)
- A US Company with a history of exceptional customer satisfaction and many repeat customers.
- Unparalleled quality and value for the toughest boaters.

**Orca Green Marine's Approach to Innovation...  
and Commitment to our Customers.**

At OGM, we strive to build products from the ground up that will withstand the test of time and the harshest open ocean environment. Since our first products were field tested by the Navy Seals, Circumnavigators and Offshore racers, we've always listened to our customer's feedback to continuously improve an already great product. This is why the LX Series of LED Navigation lights are considered some of the best and most reliable lights on the market today. When it comes to safety and reliability, OGM leads the way.

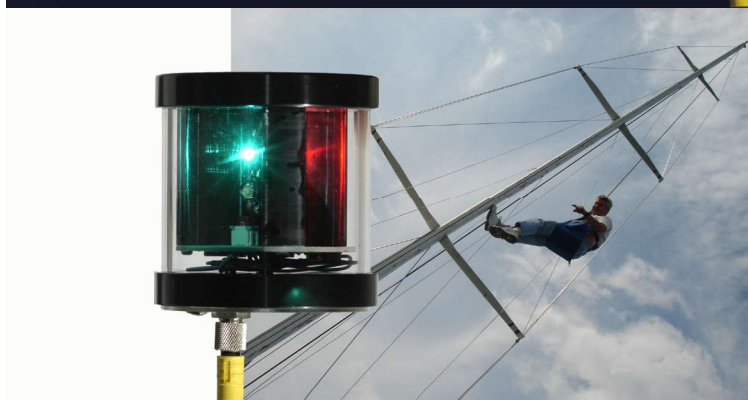

***We continue to build better products based on continuous customer feedback.***

# LED Navigation Lighting

USCG Approved Since 2004. Made In America.

**LXTA LED TRIANCHOR  
Tricolor & Anchor  
Combination**

Base model  
SKU: LXTA

**MSRP: \$349**

## Designed & Built for Extreme Ocean Environment

Rugged waterproof, long life, and US Coast Guard approved for sailboats, powerboats and workboats, the LX Series of LED Navigation lights have been used on vessels ranging from Navy Seals to Circumnavigators and Offshore Racers since 2004.

**LXTA LED TRIANCHOR  
with STROBE  
SKU: LXTA-S**

**MSRP: \$389.**

Waterproof LED Tricolor / Anchor combination light with Strobe option that takes to anchor light and strobes it for emergencies. Voltage range 10VDC-28VDC. 2NM visibility for sailboats up to 65 feet. US Coast Guard approved. Five Times less power than comparable incandescent Tricolor lights! New - Waterproof quick-disconnect plug with mating cable.

Visibility: 2 NM

Vertical Viewing Angle: +/- 36 degrees

Application: Sailboats up to 65 feet

Voltage Range: 10 to 28 VDC

Current Draw: 0.3 amp at 12V

Weight: 11 oz

Height: 2.7 inches

Diameter: 2.7 inches

Durability: Waterproof, submersible

Wiring: 3-pin waterproof quick-disconnect plug with 2 ft mating cable

Warranty: 3 years

Certifications: USCG 2NM, COLREGS '72, ABYC A-16

**LXTA LED TRIANCHOR  
with PHOTODIODE  
SKU: LXTA-P**

**MSRP: \$399.**

Waterproof LED Tricolor / Anchor combination light with photodiode to turn the anchor light on automatically at dusk and off at dawn. Voltage range 10VDC-28VDC. 2NM visibility for sailboats up to 65 feet. US Coast Guard approved. Five Times less power than comparable incandescent Tricolor lights! New - Waterproof quick-disconnect plug with mating cable.

Visibility: 2 NM

Vertical Viewing Angle: +/- 36 degrees

Application: Sailboats up to 65 feet

Voltage Range: 10 to 28 VDC

Current Draw: 0.3 amp at 12V

Weight: 11 oz

Height: 2.7 inches

Diameter: 2.7 inches

Durability: Waterproof, submersible

Wiring: 3-pin waterproof quick-disconnect plug with 2 ft mating cable

Warranty: 3 years

Certifications: USCG 2NM, COLREGS '72, ABYC A-16

**LXTA LED TRIANCHOR  
with STROBE & PHOTODIODE  
SKU: LXTA-SP**

**MSRP: \$439.**
